Decoration

Fresh flowers are a popular, simple, and very nice decoration for a wedding cake. Simply supply us with the fresh flowers by noon the day before the wedding, and we will arrange the flowers on or around the cake at no extra charge.

In general we will add a small piping decoration around the cake. We can also place a ribbon trim for you, provided you supply us with the ribbon by noon the day before the wedding.

Any other type of decoration must be quoted by our head pastry chef.
